

Protection and hygiene concept

To protect our customers and employees from further spread of the Covid-19 virus, we undertake to comply with the following infection protection principles and hygiene rules.

After each booking, the surfaces, door handles, and amenities are disinfected and cleaned by our team.

The space offers many windows and high ceilings that provide great ventilation.

The Studio is equipped with hand washing stations with soap, several hand sanitizer dispensers, warm water, and paper towels.

Every person on set is asked to keep a minimum distance of 1.5 m during production and to cover their mouth and nose.

There are several disinfectants in the studio that should be used as regularly as possible:

Productions are asked to air the room regularly.

The productions take over the organisation of test stations, protective masks for those involved in the shoot and to fill out attendance documentation for contact tracing in accordance with the Infection Protection Law.

Stay healthy!
